All classes taught by Mathemagic program director Karim Arditi, Bsc, Mman

Karim has been teaching Mathematics in Hong Kong for over 10 years to students from most schools and curricula. He is the founder of Mathemagic and a happy Math nerd. Karim believes in strong number theory techniques and loves silly math puns. A perfect tutor for your child, his teaching style is fun and insightful, Karim comes highly recommended by 100+ families and has helped students gain entry to top Ivy League schools. Karim also runs the Mathemagic Gifted program. Check out his youtube channel!
